Email: sharamrashmi28605@gmail.com
Mobile: +91-8950845562

Skills

Languages: C++, JavaScript, PHP, Java, Python
Frameworks: HTML, Bootstrap, NodeJS, React, TailwindCSS, Redux Toolkit
Tools/Platforms: MySQL, MongoDB, XAMPP, Git & Github
Computer Science Fundamentals: Data Structures and Algorithm, Database Management System, Operating System
Soft Skills: Communication, Imaginative, Innovative, Empathic, Teamwork

Projects

UnitedPackers – Customer Care Service | LINK — Sep' 25 – Nov' 25

- Professional **packaging service** website with a customer portal for booking house/office shifting, real-time request tracking.
- Secure **admin dashboard** for managing services and bookings, and automated email notifications.
- Follows a three-tier architecture consisting, integrates with external services such as email services and media storage to enhance functionality and scalability.
- **Tech**: React, NodeJs, axios, JWT token, Mongodb, bycrptJS, multer, nodeMailer

MediCare– Hospital Management App | LINK — Oct' 25 – Nov' 25

- Built a web-based hospital management platform using MongoDB, Express.js, React.js, and Node.js to **handle patient records**, doctor details, appointments, and billing processes.
- Created backend APIs with Node.js and Express and developed an interactive frontend interface using React to ensure smooth user experience.
- Implemented database operations, user authentication, and role-based access features using MongoDB for secure and efficient data management.
- **Tech**: React, Tailwind, Javascript, Clerk, Mongodb, Nodejs.

CertifyChain – Certificate Verification System | LINK — Apr' 25 – May' 25

- Allows administrators to generate, upload, and manage certificates, each assigned a **unique verification ID** stored in a MySQL database to prevent duplication or forgery.
- Users can enter a **certificate ID** on the verification page, and the system instantly validates by checking database.
- Provides a simple, responsive interface, maintains verification logs, and helps institutions eliminate fake Certificates.
- **Tech:** React, MySql, Php, Tailwind

Training / Experience

ByteXl India Pvt. Ltd. – Data Structures and Algorithms| LINK — Jun' 25 – Jul' 25

- Completed a 40-day skill development program focused on core data structures and algorithmic problem solving
- Worked on implementing arrays, linked lists, stacks, queues, trees, graphs, sorting and searching techniques.
- Solved practice problems and mini-assignments daily to strengthen logic-building and improve coding efficiency.

Certificates

- Completed Master Generative AI and Generative AI tools - Infosys | LINK — Jul' 25
- Completed Cloud Computing Course – NPTEL | LINK — Mar' 25
- Participated in Code-A-Haunt – Hackathon | LINK — Nov' 24
- Participated in WeForShe – HackerRamp – Unstop | LINK — Jul' 24

Achievements

- Solved 200+ Data Structure and Algorithm problems on Leetcode, Codeforces, GeeksForGeeks — Nov' 25
- Secured 3rd rank in Aptitude examination in Lovely Professional University — Nov' 25
- Cleared Pre-Finals in SIH rounds — Oct' 25
- Completed Python Programming Course — Feb' 24

Education

Lovely Professional University — Punjab, India
Bachelor of Technology - Computer Science and Engineering; **CGPA: 8.03** — Aug' 23 - Present

Arya Senior Secondary School — Bhiwani, Haryana
Intermediate; **Percentage: 91.04** — Apr' 21 – Mar' 22

Arya Senior Secondary School — Bhiwani, Haryana
Matriculation; **Percentage: 95** — Apr' 19 – Mar' 20
